

## **FAIR PRICING**

At Wandering Aengus Treks we believe in a fair price for a great deal and we guarantee value for money. Our prices are very competitive without compromising the levels of service and accommodation we provide.

### **Discounts & Supplements**

Our trips are priced per person on the basis of twin share, where two people share the cost of rooms, baggage transfer and other services.

**Group bookings:** If you are booking as a group we can usually offer a discount. This will vary according to the size of the group and the chosen trip. Please contact us directly for a quote.

**Solo walkers:** Our prices are based on two people sharing the cost of all our services so we charge a fixed extra rate for solo walkers which will depend on the circumstances of the trip (see individual tour pages for prices), plus any single room supplement which may be required.

**Single room supplements:** In most cases, we can provide single rooms, depending on availability at the time of booking. There will usually be a supplementary charge for using single rooms, but we will always seek to minimise this. If you require a single room in your party, we will apply a supplementary charge that reflects the additional costs that are associated with acquiring single rooms (these costs may be greater than the difference in hotel rack rates for single and twin rooms).

We are not able to quote individual single supplements in advance of booking. However, in order that our clients can make reasonable budgeting decisions, **we guarantee to cap the single supplement for one person per booking, so the maximum total supplement you will pay for one person in your party using single rooms over the duration of the tour, will average no more than £30 per night.**

For a second and subsequent single room in the party we will pass on the full cost to us of providing single rooms. This may be up to a maximum of £45 per night.

### **Late bookings:**

For bookings made within 6 weeks of departure we reserve the right to charge a 'late fee' to cover any additional costs associated with a late booking. This will vary from trip to trip and the number of days prior to departure that your booking is made, and will normally be a percentage of the holiday price. In practice a late fee is unlikely to be required if booking more than 2 weeks in advance. Late fees will be charged up to a maximum of 5% of the holiday price and the amount of any late fee will be communicated to you before the booking is confirmed.
